JOURNAL OF PSYCHOLINGUISTIC RESEARCH

Volume 30, Number 1 January 2001

CONTENTS

Special Issue: Human Sentence Processing: CUNY 2000, Part II
Guest Editors: Janet Nicol and David Swinney

Introduction 1
Janet Nicol and David Swinney, Guest Editors

Misinterpretations of Garden-Path Sentences: Implications for Models of Sentence Processing and Reanalysis 3
Fernanda Ferreira, Kiel Christianson, and Andrew Hollingworth

The Processing of Coreference for Reduced Expressions in Discourse Integration 21
Chin Lung Yang, Peter C. Gordon, Randall Hendrick, Jei Tun Wu, and Tai Li Chou

The Declarative/Procedural Model of Lexicon and Grammar 37
Michael T. Ullman

Agrammatism and the Psychological Reality of the Syntactic Tree 71
Na'ama Friedmann

Semantic Factors in the Production of Number Agreement 91
Jason Barker, Janet Nicol, and Merrill Garrett

JOURNAL OF PSYCHOLINGUISTIC RESEARCH

Volume 30, Number 2 March 2001

CONTENTS

On the Acquisition of Temporal Conjunctions in Finnish 115
Marja Atanassova

Segmentation and Selection of Appropriate Chinese Characters in Writing Place Names in Japanese 135
Shingo Tokimoto and G. B. Flores d'Arcais

Cognitive, Linguistic, and Social Aspects of Adults' Noun Definitions 147
Sheila J. Walker

Effects of Time Pressure on Mechanisms of Speech Production and Self-Monitoring 163
Claudy C. E. Oomen and Albert Postma

Memory for Faces, Shoes, and Objects by Deaf and Hearing Signers and Hearing Nonsigners 185
Paul Arnold and Merope Mills

Aspectual Constraints in the Mental Lexicon 197
Roumyana Slabakova

JOURNAL OF PSYCHOLINGUISTIC RESEARCH

Volume 30, Number 3 May 2001

CONTENTS

Special Issue: Brain Imaging and Sentence Processing
Guest Editors: Angela Friederici, Gregory Hickok, and David Swinney

Introduction 219
David Swinney

Brain Imaging and Language—an Introduction to Special Issue Papers 221
Angela Friederici, Gregory Hickok, and David Swinney

Functional Anatomy of Speech Perception and Speech Production: Psycholinguistic Implications 225
Gregory Hickok

Syntactic, Prosodic, and Semantic Processes in the Brain: Evidence from Event-Related Neuroimaging 237
Angela D. Friederici

What's Different in Second Language Processing? Evidence from Event-Related Brain Potentials 251
Anja Hahne

Prosodic Boundaries, Comma Rules, and Brain responses: the *Closure Positive Shift* in ERPs as a Universal Marker for Prosodic Phrasing in Listeners and Readers 267
Karsten Steinhauer and Angela Friederici

Functional Neuroimaging Studies of Syntactic Processing 297
David Caplan

Syntactic Working Memory and the Establishment of Filler-Gap Dependencies: Insights from ERPs and fMRI 321
Christian J. Fiebach, Mathias Schlesewsky, and Angela D. Friederici

An Event-Related fMRI Study of Syntactic and Semantic Violations 339
Aaron J. Newman, Roumyana Pancheva, Kaori Ozawa, Helen J. Neville, and Michael T. Ullman

JOURNAL OF PSYCHOLINGUISTIC RESEARCH

Volume 30, Number 4 July 2001

CONTENTS

Phonological, Semantic, and Repetition Priming with Homophones 365
Brian C. Cronk

Prosodic Structure and wh-Questions 379
Kathleen Straub, Colin Wilson, Courtney McCollum, and William Badecker

Constraints Upon Word Substitution Speech Errors 395
Trevor A. Harley and Siobhan B. G. MacAndrew

Verb Frame Frequency as a Predictor of Verb Bias 419
Maria Lapata, Frank Keller, and Sabine Schulte im Walde

Testing the Interdependence Hypothesis Among Native Adult Bilingual Russian–English Students 437
Salim Abu-Rabia

JOURNAL OF PSYCHOLINGUISTIC RESEARCH

Volume 30, Number 5 September 2001

CONTENTS

Function Word Repetitions Emerge When Speakers Are Operantly Conditioned to Reduce Frequency of Silent Pauses 457
Peter Howell and Stevie Sackin

Loose but Normal: A Semantic Association Study 475
Christine Mohr, Roger E. Graves, Lorena R. R. Gianotti, Diego Pizzagalli, and Peter Brugger

Are Children More Accurate than Adults? Spontaneous Use of Metaphor by Children and Adults 485
Gerald A. Winer, Jane E. Cottrell, Tammy Mott, Matthew Cohen, and Jody Fournier

Speech Parts as Poisson Processes 497
Anthony F. Badalamenti

Effects of NP Type on the Resolution of Word-Order Ambiguities 529
Edith Kaan

JOURNAL OF PSYCHOLINGUISTIC RESEARCH

Volume 30, Number 6 November 2001

CONTENTS

Partner Orientation and Speaker's Knowledge as Conflicting Parameters in Language Production 549
Heike M. Buhl

Competition Between Primary and Non-Primary Relations During Sentence Comprehension 569
Joel Pynte and Saveria Colonna

The Pronoun Bias Effect Strikes Again: A Reply to Pynte and Colonna 601
Lyn Frazier

Essential and Perceptual Attributes of Words in Reflective and On-line Processing 605
Margery Lucas

Two Routes to Grammatical Gender: Evidence from Hebrew 627
Tamar H. Gollan and Ram Frost

Filler + Infinitive and Pre- and Protomorphology Demarcation in a French Acquisition Corpus 653
Marianne Kilani-Schoch and Wolfgang U. Dressler
